NetHope Connected places for the HLA Community

Are you a humanitarian or development organisation looking to strengthen your digital capacity? The Humanitarian Leadership Academy (HLA) is excited to partner with NetHope to offer up to 20 fully funded places on NetHope Connected. Apply by 25 November 2026.

NetHope Connected is a global community and digital programme designed by, for, and with nonprofits, to help organisations strengthen digital capacity at their own pace. Selected applicant organisations will receive 12 months of benefits, including e-learning, tools and peer connection.

Who this opportunity is for

NetHope Connected is for:

- Sub-national, national, or regional nonprofits and NGOs
- 5–200 staff, with an annual income under $2 million USD
- Basic digital capacity and access to English-language resources
- Those motivated to strengthen digital capabilities and share peer learning

For this specific HLA call for funded 12-month participation:

- Priority will be given to local and national actors (LNAs): humanitarian and development organisations based in the Global South/Majority World.
- We particularly welcome applications from organisations led by women, people with disabilities, or refugees.
